Student Residence

Student residences are built in large blocks, made to create a university-styled experience. The living spaces include shared cooking and communal spaces, with a variety of apartment styles to suit different requirements.

Homestay

One of the most important parts of studying abroad is the chance to take in a new culture first-hand. Staying in a homestay or hosted accommodation is a fantastic way to enhance your overall experience.

Shared Apartments

Choosing either a house share or a shared apartment provides your own personal space with the chance to socialise with fellow students from all over the world under one roof.

Aparthotels/ Guest houses

The Aparthotel experience combines the best elements of a serviced apartment with the amenities of a hotel. Students have their own private living spaces, with more comfort than a typical hotel room, and better amenities and security than most serviced apartments.
